Praise for *The Trouble with Billionaires*....

"...splendidly written."-- *James Daw, Toronto Star*

"...a narrative that moves along at the clip of a detective novel... I adore this book with its policy smarts and folksy style."

-- *Ellie Kirzner, NOW Magazine*

"This book is chock full of hard economic facts ... yet it's as readable as a crime novel. Come to think of it, this IS a crime novel -- except that it's true."

-- *Jim Stanford, economist, CAW*

"...the most entertaining treatment yet of our super rich -- and their devastating impact on us."

--*Sam Pizzigati, Too Much*

"McQuaig and Brooks have put together a compelling picture of the real cost of the growing global inequality ...The authors demolish the arguments that are put forward to attempt to justify the fortunes paid to the elites."

-- *Peter Prontzos, Canadian Dimension*

"Linda McQuaig [is] one of Canada's indispensable public intellectuals."

--*Gerald Caplan, The Globe and Mail*
